

**REACH STATEMENT FOR PRODUCTS AND THEIR CHEMICAL COMPONENTS
ACCORDING TO REACH REGULATION EG/1907/2006
FOR ALL PRODUCTS SUPPLIED BY RHEINZINK**

1. Do the products supplied by RHEINZINK or their components have to be registered under REACH?

yes

no

2. If yes: are these registered by RHEINZINK or the respective suppliers of the components?

By RHEINZINK:

preregistered

registered

planned

not applicable (article)

By the suppliers of the components:

preregistered

registered

planned

3. Do the products contain dangerous substances according to the candidate list of SVHC substances (Status 02.12.2019) (> 0,1%)?

yes, lead is contained in the solder used to solder titanium zinc. Soldered rain water systems products may thus contain more than the 0.1% qualifying quantity. For information purposes, please find in our price list 2020 a list of products affected by the REACH regulation.

Non-soldered RHEINZINK-products do not contain SVHC substances.

no
